Supplementary Cardmembers will not be permitted to make any alteration to any of your **Personal Information** unless you have provided us with your consent for them to do so.

Credit Reference Agencies and Fraud Prevention

We will exchange your **Personal Information** with credit reference agencies (CRAs) and fraud prevention agencies (FPAs). We may obtain **Personal Information** about you from these agencies including, where relevant, your spouse, and any business in which you are involved (including details of your co-directors or partners in business). For these purposes you may be treated as financially linked to such persons ("financial associates") and you will be assessed with reference to their "associated records". You must be sure that you have your financial associates' agreement to disclose information about them.

When you apply

If you are a director of a business, we will seek confirmation from CRAs that the residential address that you provide is the same as that shown on the restricted register of directors' usual addresses at Companies House. CRAs will record information about your business and its proprietors and may create a record of the name and address of your business and its proprietors if there is not one already.

During the lifetime of your account

We will continue to make searches at CRAs to assist in managing your account and this will include looking at the associated records of your financial associates. These searches will not be seen or used by other organisations to assess your ability to obtain credit. We will also carry out further credit checks whilst any money is owed by you on your account (including contacting your bank, building society or any referee approved by you).

We may tell CRAs the current balance on your account and we may tell them if you do not make payments when due. They will record this information on your personal and business credit files (as applicable) and it may be shared with other organisations for the purpose of assessing applications from you, and applications from any other party with a financial association with you, for credit or other facilities, for other risk management purposes and for preventing fraud and tracing debtors. Failure to make repayments may impair your credit rating. Records shared with CRAs remain on file for 6 years after they are closed whether settled by you or defaulted.

We will analyse your **Personal Information** to assist in managing your account and to prevent fraud or any other unlawful activity. If fraud is detected, you could be refused certain services, finance or employment. We and other organisations, including Fraud Prevention Agencies, may access and use your **Personal Information** to prevent fraud and money laundering and to verify your identity, for example, when:

- verifying the information you provide on applications for insurance, credit and credit related or other facilities;
- managing credit, credit related accounts or facilities, and insurance policies;
- recovering debt; or

-
- checking details on applications, proposals and claims for all types of insurance.

We and other organisations may access and use from other countries the information recorded by FPAs.

For additional information about how CRAs gather and use your Personal Information, please review the Credit Reference Agency Information Notice (CRAIN) at www.callcredit.co.uk/crain.

You are entitled to access your personal records held by credit and fraud prevention agencies. You can contact the CRAs currently operating in the UK; the information they hold may not be the same so it is worth contacting them all. They will charge you a small statutory fee.
