Section 1: American Express Maps

1. What is American Express Maps?

American Express Maps displays qualifying American Express Card-accepting businesses with a physical business location for customers to easily locate. The Online Directory within American Express Maps lists qualifying businesses that only accept online transactions or those that do not have a physical business location.

When a business is on American Express Maps, customers can search for and see important information about the business, including business hours. The business may also be included in local recommendations that appear to Card Members on the Map, based on a Card Member's history of purchases at similar businesses.

2. What is the Shop Small Map?

The Shop Small Map is a filtered experience within American Express Maps. The Shop Small Map only displays U.S. businesses that meet certain Shop Small eligibility criteria. These criteria are outlined in [FAQ 6](#). Note that businesses on the Shop Small Map also appear on American Express Maps.

3. Is American Express Maps available outside the U.S.?

American Express Maps is available in countries across the world. Throughout the year, we will be adding in new countries so that you can explore more places that accept the American Express card. For now, the Shop Small Map displays U.S. merchants only.

4. Are merchants in all categories or industries eligible?

Currently, only merchants who qualify for the Shop Small Map and merchants in certain select industries, such as Dining, Shopping, Entertainment, Travel, Services, and Business Services, are eligible.

5. What businesses are included on American Express Maps?

There are two ways that you can qualify to appear on American Express Maps. First, you can appear on American Express Maps if you qualify for the Shop Small Map. For Shop Small Map qualification criteria, please see [FAQ 6](#).

Second, you can appear on the American Express Maps (but not the Shop Small Map) if you satisfy the following criteria:

- You must be an American Express Card accepting Merchant; You must do business in one of our selected industries of dining, lodging, and office supplies;

- You must do business in one of our selected geographic areas.

6. What businesses can appear on the Shop Small Map?

To appear on the Shop Small Map, Merchants must meet the following criteria:

- You must be an American Express Card accepting Merchant;
- You must be located in the 50 United States, District of Columbia, American Samoa, Armed Forces Pacific, Federated States of Micronesia, Guam, Marshall Islands, Northern Mariana Islands, Palau, Puerto Rico, or the U.S. Virgin Islands. For brick-and-mortar businesses, this means that you must have at least one physical business location within these territories; for online-only businesses, this means that you must have a service area within these territories;
- You must have at least 1 but no more than 25 locations (for brick-and-mortar businesses) and meet certain American Express annual charge volume requirements;
- You must not be part of a franchise brand that has more than 250 stores; Additionally, if a franchise brand has more than 25 corporate-owned stores, then the entire brand is excluded;
- Businesses in these industries are excluded: Government agencies, public administration, gas stations and businesses located on the same premises as a gas station, travel agencies, charities, non-profits, peer-to-peer payments, crowdfunding, trade associations, shopping property management companies, direct sellers, and political organizations;

In some cases, if you process American Express Card payments solely through a third-party processor (for example, those that offer the ability to accept credit cards through a card reader attached to a mobile device) or as part of an affiliate program, you may be excluded from participating in the Shop Small Map depending on whether or not the third party provides sufficient data for American Express to determine if your business meets the foregoing qualifications.

7. Why am I not seeing a particular business when I search for it on the Map?

There could be a few reasons why you are not seeing a business displayed on the map:

1. American Express Maps only returns 100 businesses for each search. Our system takes into consideration a proprietary mix of factors to filter to those 100.
2. Filtering by industry or entering more of the address information may return different search results.

8. How do you decide which businesses to show me?

When you are logged in, the businesses you see on the Map are curated to help you explore new and relevant places near you. The more you use your Card, the more relevant those business suggestions will be.

9. Why do some businesses have TripAdvisor reviews and ratings while others do not?

TripAdvisor reviews and ratings are displayed in cases where we have been able to link an American Express Merchant to a TripAdvisor listing

10. I noticed on American Express Maps that some Merchants are highlighted as American Express Card Member Favorites. What does this mean?

The American Express Card Member Favorite program recognizes select merchants across the country where Card Members visit again and again. Today, the American Express Card Member Favorite program is limited to Shop Small Merchants. However, we are working to expand this and will keep you informed on any changes to the program. To learn more about the Card Member Favorite program, please visit [here](#).

11. My business has a physical location but I also operate online. Can my business be included on both the Shop Small Map and the Online Directory?

It depends. Each location displayed on the Shop Small Map or Online Directory is tied to a unique Merchant Number/Access Code, so you can only indicate one listing preference per Merchant Number/Access Code. If you have separate Merchant Numbers/Access Codes for your physical store and your online business, you may include one on the Map and one on the Online

Directory. However, if you use the same Merchant Number/Access Code for both parts of your business, you will need to choose to be listed either on the Shop Small Map or the Online Directory because you can't be listed in both.

12. I provide a service, such as personal fitness training, and I don't have a storefront or online store. Can I be included on the Shop Small Map or Online Directory?

Yes! You can include your business on the Online Directory section of the Shop Small Map. This directory is for businesses that do not have a physical address for shoppers to visit. When confirming or adding your [business information](#), make sure you update your URL, and in the Servicing section, make sure the "This is not a location Card Members can visit" checkbox is checked.

13. Will updates to my public information change my billing or contact information that is on file with American Express or my third-party payment processor?

No. This process will only update your public information for use in Card Member account statements, Card Member recommendations, on the Shop Small Map, Online Directory, and in other marketing channels.

If you need to make changes to your Merchant account information that American Express or your third-party payment processor uses to manage your account, please call the number on your monthly statement. Likewise, if you update your billing or other account information, these changes will not automatically be made to your Shop Small Map or Online Directory listing.

14. I can't log into my Merchant account because I don't have a Merchant Number or Access Code. Where can I find this information?

To log in to the Merchant website and access the Shop Small marketing materials, you will need your Merchant Number or Access Code, a ten-digit number issued by American Express.

If you've received an email from "American Express Merchant Services" regarding your business, you may be able to find this number in the top right corner of the communication. If you are unable to find this number, unsure whether you have received a Merchant Number/Access Code, or can't recall your Merchant Number/Access Code, you can call our Shop Small servicing center at 1-800-235-8916. 15. My small business does not currently accept American Express Cards. Where can I learn more about becoming an American Express Merchant?

16. My personal information is on the map. I don't think I'm a business. How did this happen and how can I get this removed?

We can appreciate that you'd prefer to keep your home address and personal information private and we can help correct this situation. It is likely that your merchant service provider has enabled you to accept American Express Cards. All service providers send American Express information about their merchants, including business address and phone number. As part of our year-round efforts to promote small businesses to potential customers, we use this information to include merchants on the Shop Small Map to help customers find new places to shop. We apologize that this is information you did not want customers to see. Please know that we do try to prevent these situations by looking at certain indicators that help us determine if a business has a storefront or is online only. We are currently exploring additional processes to help prevent home addresses and personal information from appearing on the map.

Please follow the below steps to correct your information so it accurately reflects your storefront address if you have one, or you can appear on our Online Directory for businesses that do not have a storefront, or you can remove it altogether.

1. Log into your Merchant account [here](#)*
2. Click on your location. A page will display your location's public information as it will be seen on our Shop Small Map and other marketing channels, provided you complete the steps that follow.
3. Click the edit icon on the right side of the page to update to reflect your business location's public information.
 - a. To keep your business information on the Shop Small Map or Online Directory: Make sure the checkbox is checked to indicate you want to get free exposure for your business by allowing your public business information to be seen on our Shop Small Map and other marketing channels.
 - b. To remove your information from the Shop Small Map or Online Directory: Uncheck the checkbox to indicate that you do not want to get free exposure for your business by allowing your public business information to be seen on our Shop Small Map and in other marketing channels. Please note that by unchecking this checkbox, you will not be included in Card Member recommendations and may not be included in various Shop Small Card Member offers.
4. Click the "Save" button after making changes in each portion of your location details to save your updates.

Updates can take up to 3 days to be reflected on the Shop Small Map or Online Directory.

17. What free marketing materials are available?

As a small business owner with an online presence or physical location, you can help attract even more customers to your business by visiting the [Shop Small® Studio](#). There you can enjoy tools and resources to help you promote your business, like in-store signage, social media posts, email templates, and more, compliments of American Express.
